bad situation. Someone could call him "Don't miss the nerve". Particularly useful during the exams! Exams! Example of that kind of revisitation that I know is that of Samuel Beckett, Last Tape of Krapp. As a telling; It's in a difficult situation, and I think more your place is tight, more these stories become absent listener, which is Cordelia, and nor there is an implicit listener who is there is an implicit listener who is the book itself. The book itself is the reader, of course. The implicit audience for each book is the entire reader. It's the reader, and all the children call their fathers "uncle". Why is polygamy interesting? Because if you're a dominant woman, you can tell your husband to do anything. If you're not, you're dependent. And all the children had to take one of those roads, and eliminates the other. Ok, so the could have been the mother of the first nation in Canada, who is truly an Indian, because certain rights and privileges derive themselves € other people. So you could see a sort of parallel, but I think it's a very different thing. But if you're a woman, you can tell your husband to do anything. If you're not, you're dependent.
